SHAPING THE FUTURE OF MOBILITY

Ashok Minda, Chairman & Group CEO

Dear Patrons, valued customers, shareholders and all stakeholders...

We appreciate our business associates, shareholders, partners and employees for their continuous support and motivation in this journey of trust and belief that ranks the USD 620 million Spark Minda as a Fortune India 500 company.

Since 1958, with more than 6 decades of legacy, Spark Minda has been epitome of professionalism, quality and efficiency and now with our new journey to become Technological Innovative Supplier. We are in progress of pursuing the transformation and the benefit will manifest in the coming period into enhanced value for all our stakeholders.

Approximately 17000 people at 35 plants in 9 countries across Asia, Europe and North America are passionately engineering a better tomorrow through responsible Mobility innovations.

There is no greater motivation for us, than

the confidence you continue to repose in us. Even though the global economy in general and the auto industry in particular are increasingly becoming uncertain, we continue to work unceasingly to serve our customers and offer them the most innovative, technologically advanced and best-in class products; work with our partners; help communities and support in their empowerment journey; and, of course, to continuously repose the trust that you, our shareholders, place in us. In our relentless journey for each one of us at Minda Corporation, we are consistently and continuously transcending, transforming and translating each of our processes and activities, so that we can lead from the front, in the age of mobility.

Despite operating in such challenging times, it is heartening to note that we continued to deliver above industry growth rate and raced ahead of the industry numbers.

Our mission is to be an automotive system solution provider and build a brand recognized by vehicle manufacturers progressively all over the world, as an organization providing products and systems unparalleled in quality and price."

JOURNEY THROUGH THE YEAR

Shaping the future of mobility

Mobility is headed towards disruption across the globe. User aspirations are judiciously blending with the NextGen mantra of responsible consumption. Connected, Autonomous, Shared, Green and eMobility are shaping a promising future with many innovative and mind-blowing concepts evolving alongside.

As an innovation-led auto component manufacturer, we, at Spark Minda Group, are working closely with global OEMs in shaping the future of mobility. Riding high on the deepening innovation imprints and growing IP pool of our Spark

Minda Technical Center (SMIT), we are delivering a range of breakthrough products and systems including Vehicle Access and Telematics Solutions, Connected Clusters, eMobility Solutions and Vehicle Antennas.

Strong team of 17,000+ mobility enthusiasts at our 35 plants and offices in 9 countries across Asia, Europe and North America, we are passionately engineering a better tomorrow through responsible Mobility. We are the trust behind the automobile names that you trust. We are Spark Minda Group, a USD 620 million group with a rich lineage of over six decades.
